PLANS ARE COMPLETED FOR THE CLEAN-UP CAMPAIGN

Captains Appointed and Assistants Selected to Look After Work

WILL CONTINUE ALL NEXT WEEK

The Chamber of Commerce of Charleroi is making great plans for a Clean-Up Campaign, beginning next Sunday by the preaching of sermons and appropriate announcements in the churches. The city has been divided into districts.

Mr. VanVoorhis will be the captain of precinct 1, and associated with him will be the following women: Mrs. C. M. Allen, Mrs. G. M. Stewart, Mrs. Margaret Franks, Mrs. Emma Evans, Miss Helen E. Fleming and Mrs. W. B. Pfelehardt.

D. N. Hall is the captain of precinct 2, and this has been subdivided into districts with the following women in charge: Mrs. J. R. Whitehead, Mrs. C. C. Wright, Mrs. Louis Collins, Mrs. J. W. Manon, Mrs. J. D. Berryman, Mrs. Lee Showers, Mrs. Minnie Henderson and Miss Etta Work.

Harry Gehoe is the captain of precinct 3, which has also been subdivided with the following women in charge: Mrs. V. P. Vieslet, Mrs. Seraphine Monchecourt, Mrs. Bruce K. Earnett, Miss Matilda Hopkins and Mrs. F. C. Stahlman.

Arch Osborne has precinct 4, and the following women have charge of the sub-division: Miss Minnie Richardson, Mrs. Margaret Moody, Miss Isabel Schaffer, Mrs. Mary E. Carroll, Mrs. Della Campbell, Mrs. Mary L. Tweed, Mrs. V. P. Stewart, Miss Elva Majors and Mrs. Emma Dawson.

Henry L. Swickey is captain of precinct 5, and associated with him are Mrs. C. J. Mogan, Mrs. R. H. Kush and Miss Minnie Richardson. S. L. Woodward is the captain of precinct 6, and Mrs. E. H. Greenlee, Mrs. John Kilroy, Mrs. Amalia Bigli, and Miss Grace H. Geller, have charge of the sub-division of this precinct.

The instructions for Clean-Up Week are as follows:

- 1.—See that all rubbish is removed from your cellar, back yard and area way. Have it placed in suitable receptacles, so that it can be readily removed. Arrange to have the rubbish taken away.
- 2.—Clear hallways of all obstructions.
- 3.—Remove and clean all carpets and hangings for the summer.
- 4.—Scrub floors, hallways, and all unvarnished woodwork thoroughly. Use plenty of soap and hot water.
- 5.—Clean all windows and keep them open to fresh air and sunshine.
- 6.—Ventilate damp cellars.
- 7.—Report all neighborhood nuisances such as stagnant pools and ill-smelling refuse piles to the health department.
- 8.—Ask your landlord to repair leaky roofs and plumbing, and re-

MAKING GOOD PROGRESS ON "HORSESHOE" ROAD

The Donora Construction company which has the contract for the improvement of the road through "Horseshoe" from the Edgar Wickerham farm past the Country Club to the Monongahela City line, is making good progress. A steam shovel is at work at the black pile at the Schoenberg mine, and seven or eight trucks are being kept busy in hauling "red dog" for making the roadway. The work should be completed within a very short time.

ANNUAL MEETING OF PRESBYTERIAN CHURCH

The annual congregation meeting of the First Presbyterian church was held Monday evening with U. S. Orange, President of the Board of Trustees in the chair. F. C. McClure, treasurer, reported substantial contributions to the current expense and benevolent funds which will provide the means to carry out some important improvements that are being contemplated.

The report of the other organizations of the Church were read and all indicated a flourishing condition, the report of the Ladies Aid Society causing much favorable comment.

There was one vacancy to fill in the Board of Trustees by the expiration of Mr. Orange's term of office. He was unanimously re-elected for another term of three years.

After the discussion of plans for the future the meeting was closed with prayer by Rev. Robert J. Shields.

pair dirty, broken walls and ceilings.

9.—If there is a vacant lot near your house, see that it is clean and clear of all rubbish.

10.—Remember that cheerful compliance with these suggestions, and with every effort with the health department, will help to make your city a more healthful one in which to live.

An outline of the activities are also as follows:

- Sunday—Recognition of the campaign by all churches.
- Monday—Public school day, prominent citizens will address the schools on the value of the campaign. The pupils will write compositions on same.
- Tuesday—The general housecleaning day.
- Wednesday—House cleaning day. All rubbish to be placed in receptacles by the housewives, preparatory to being removed. Cleaning up vacant lots by boy scouts as well as public-spirited school boys.
- Thursday and Friday—Remove all of rubbish by wagons and trucks

N. Charleroi Boro Council Passes on Many Measures

A regular meeting of the borough council of North Charleroi was held at the borough building last evening, with Messrs. Rockwell, Wildman, Plasmann, Burke and Beaumarrige present.

The treasurer's report showed a balance at last report of \$462.74; collections \$1,189.33; disbursements, \$536.37, leaving a balance of \$1,095.70. The report of the Burgess showed fines collected to the amount of \$19.00. Council ordered bills to the amount of \$478.75 to be paid.

A new street light was ordered placed at the corner of Sixth street and Monongahela avenue.

The borough clerk was instructed to secure prices on the replastering of the second story of the borough building.

Permission was granted to the Federal Employees Union to use the borough hall on the first Friday evening of each month.

Council gave the board of health permission to proceed with arrange-

ments for a clean-up day. The date will be fixed for some time this month when teams will be secured to haul away all rubbish. The citizens to be informed in plenty of time of the date.

An ordinance was passed on first reading fixing the borough millage at 15 mills, with three mills for a sinking fund. There was some discussion as to reducing the millage, but as it is proposed to some street work this year it was decided to make no change.

An ordinance was introduced granting permission to the United States government to construct an overhead bridge and narrow gauge railroad across the lower end of Fifth street. The Government agrees to take care of any heavy freight or bulky material arriving by river which it would be impossible to take under their regular work.

Representatives were present from the Howe Fire Apparatus company, with reference to new equipment, but no action was taken.

SUNDAY BASEBALL LAW IS DEFEATED

The McGann bill, to permit Sunday baseball and football between 2 p. m. and 7 p. m., was defeated in the House at Harrisburg on Monday night. The sponsor did not even say a word in its behalf, and the opponents did not consider it necessary. The vote was 39 in favor of the measure to 141 against it. The sentiment against the measure was so strong that there was never any doubt as to the outcome of the vote. Rev. Dr. T. T. Mutchler of Philadelphia, was in charge of the campaign against the measure.

COUNTY ADVANCED TO HIGHER CLASS

Authorities in eight counties in Pennsylvania have been notified by the secretary of the commonwealth that the official census bulletin for 1920 shows they are entitled to go into a new class. Under the act of 1919 the counties of the state were classified according to population, and the Secretary of the Commonwealth has sent information under the state seal to the counties of their advancement.

The counties which have been officially advanced are Clearfield and Beaver to the fifth class; Dauphin, Erie, Delaware, Northampton and Washington counties to the fourth, and Westmoreland to the third class.

LOCAL CHARITY BOARD HAS BEEN INCORPORATED

In court at Washington on Monday a charter was granted for "The Associated Charities" of Charleroi. The directors are Dr. J. W. Hunter, W. M. Hunter, W. M. Darby, George W. Risbeck, J. D. Merriman, W. D. Pollock, L. P. Flickinger, Jr., and Walter A. Urban. This board will carry on the work formerly looked after by the unincorporated association, but with a view to greater efficiency.

TO PLAN FOR THE RELIEF OF IRELAND

A meeting was held last night at the Lyceum for the purpose of organizing for a drive in Charleroi and vicinity in the interest of the starving women and children of Ireland. After hearing from a representative of the State Chairman of Pennsylvania of the Irish Relief it was decided to call a meeting for Friday evening at 8 o'clock, at the Lyceum, to which all persons interested in this great humanitarian work will be cordially welcomed.

The appeal for the thousands left destitute in Ireland will be non-sectarian and non-partisan. They can see only human beings in distress and their energy and money will be used to remedy their condition. Under the leadership of humanitarians every County in Western Pennsylvania will organize for Ireland as they organized for Belgium and France. Workers will be asked to volunteer and assist in a systematic canvass among people who believe that pain and sorrow know no creed or class. In Dublin alone there are 5,000 children existing on a cup of cocoa and a slice of bread a day. In Belfast since last July some 30,000 people have been living on a relief fund supplied by the rest of Ireland, England, Scotland and Wales. Cork, which once swelled the fund by \$40,000 is now crying for help herself. A complete program of relief based on personal investigation has already been drawn up by a unit in Ireland. This unit which is entirely composed of members of the American Society of Friends headed by C. J. France, formerly executive Secretary of the Port of Seattle. This committee will allow no bias, either religious or political. This great humanitarian work has been endorsed by President Harding, General Wood, all of the Cabinet, fifteen governors and leading citizens all over the United States.

Japan has announced its intention to stay in Yap in spite of objections from Washington, thus adding another to the vexing problems that face the new administration.

Ten Clubs will Make Up a Local Circuit and Play During Summer

ARCH OSBORNE IS PRESIDENT

A league of local baseball clubs to be known as the Monongahela Valley Baseball League, sponsored by the Pittsburg Press, was organized in Charleroi on Sunday afternoon, with ten clubs. Eleven clubs were represented, but the Newell representative decided to withdraw his team, which left ten to make up a circuit which it is believed will give the people of this section of the valley some lively baseball this summer.

The circuit will comprise California, Dunlevy, Allenport, Charleroi, Bentleyville, Webster, Thomas McKee Post No. 28 of the American Legion of Monessen, Belle Vernon, Brownsville and Vestaburg. This array of teams is expected to enlist some of the strongest amateur baseball talent in the valley, with games that will be real classy.

Arch Osborne, who has piloted Charleroi baseball teams for years, and who understands the game from start to finish, was elected President with J. S. Heffner, secretary of the local Chamber of Commerce, as vice president, and W. M. Hagenbach of Newell as secretary and treasurer. It was also decided to have a board of arbitrators, to be composed of three men, to be named by the president, to settle all playing disputes instead of leaving such matter up to a vote of the managers.

The schedule will provide for four rounds of games, opening Saturday, May 14, and ending on Labor Day. Morning and afternoon games will be played on all holidays and the receipts of these games will be pooled. For all other contests the visiting teams will pay their own expenses, while the home team will stand the expense of baseballs, and the umpires and take the entire receipts.

Cash forfeits are to be posted by each team before the opening of the season and these will be forfeited if a team should leave the field during a game. Players will be signed to contracts, which will give the clubs clear title to them, and they cannot play with another club in the league unless previously released by the club by which they were originally signed.

The prospects for the local league are said to be good and the promoters displayed a great deal of enthusiasm at the meeting.

AMERICAN INVESTMENT FIELD IN ORIENT

"A returned missionary who has spent ten years in China declares it is impossible to manufacture patented products in America at American costs of materials and wages, and sell them in the Orient on an American price standard, says the Republican Publicity Association, through its President, Hon. Jonathan Bourne, Jr. "He says that the Chinese copy such articles, even though they may have been patented in China, and manufacture them with their cheap labor regardless of the patent laws. According to him the only recourse for Americans in the Chinese markets is to send their capital to China, manufacture their products on the spot with Chinese labor, obtainable for 25 cents a day, and sell them on that cost basis.

"That is sound logic and, if followed by any considerable number of our manufacturers, would result in increasing control of the Chinese market, a thing apparently impossible if dependence is placed upon exports from the United States. It is true that the adoption of such a policy would preclude further attempts to sell similar American-made products in China, as the market would be supplied by the products of the American-operated Chinese factories but it seems that there never will be a demand for such goods at American prices so long as Chinese labor remains at its present low level.

"But the profits from Oriental factories built and operated by American capital would inure to this country in the shape of dividends, and a source of wealth would be developed that is not now available. A similar policy has been followed to advantage by some of our largest industries in erecting plants abroad. The International Harvester Company, the Ford Motor Company, and others have extended their operations to various European countries, where precisely the same article produced by them in the United States is turned out by cheap foreign labor and sold at correspondingly cheaper prices. But the profit is there just the same and is returned to the pockets of the Americans who put up the capital.

"The facts also present a very effective argument for protective tariff. If goods made in competition with the same goods manufactured by cheap foreign labor, neither can they be disposed of in the home market when those cheap goods are admitted to our own shores without payment of an adequate duty. No matter where the competition is encountered it means the loss of a market for the American-made goods unless the Government provides a protection for it. The result of course, is the destruction of the American industry that is forced to compete with the cheap foreign articles.

"The very life of American industry depends on an import duty that shall at least compensate for the cheaper cost of production of the foreign-made article under the home-made article. We are hearing much these days of a reduction in wages

in practically every line of industry. The wage earners complain bitterly of the loss in income that the readjustment puts upon them. But they should pause and try to visualize what would happen were the products of their labor of the Orient and the war-torn countries of Europe put on the sale side by side with the products of their own mills. The market for their handiwork would vanish, and likewise their wages would be forced down to a Chinese or German standard or be wiped out altogether. "Fortunately a Republican President and Congress are alive to the situation that confronts the American workman, and are determined to place upon the statute books during the coming summer a law that will protect American wages from foreign assaults. A tariff bill is now being prepared that will provide specific protection by appropriate duties on every import that threatens a similar product of our own industries."

GERMANY'S FIGURING

Instead of paying the billion marks demanded by the Reparations Commission for March 23 the German government submitted the claim that it had already paid all dues up to May 1, asserting that the ships and other things delivered equaled in value the twenty billion marks which the treaty ordered paid by May 1, 1921. The Reparations Commission, on the other hand, estimates that what has been delivered is worth only eight billions, leaving twelve billion marks still due. It seems that in order to figure out that they had paid up already the Germans included the value of public property of tanks, etc.—in the ceded territory, but the treaty permits such reduction only in the final accountings and not from the first payments. Moreover, the Allied estimate puts such property, not at twelve millions, but at about five billions.

If no payments are made by May 1 Germany will be in default to the extent of twelve billion marks, in which case the treaty provides that the Allies may resort to "financial prohibitions and reprisals" and "other measures" all of which Germany is under treaty agreement "not to regard as acts of war." In the comment on the situation it is suggested that the Germans can hardly have read the treaty. It is evident, on the contrary, that they are ever studying it with a view to defeat or sidestep its provisions to which they have agreed. If they are allowed, their bluff, delay and disingenuous pretense will go to the limit of placing to their credit the commercial value of every acre of land and building in Alsace-Lorraine, the territory restored to France.

It is gratifyingly stated that New York State income tax returns show that out of 750,000 returns filed in payment of the tax for 1919 only 49,600 were from "persons giving no occupation" and whose average income was above \$7,000. But doubtless a still larger number of the "idle rich" thought it wiser to ticket themselves with an occupation which they rarely if ever occupy.

Nobody will suppose that Secretary Hays intends to "humanize" the Postoffice to the extent of introducing sports, but his publicity office introduces his new chief clerk, William McKinley Mooney of Ohio, as an "all-round amateur athlete," a "most enthusiastic sportsman," and a "famous fisherman as well as a good shot."

That retrenchment, though difficult is not impossible, is shown by the announcement that the Government's expenses for eight months ending February 26, were a billion and a quarter dollars less than during the

corresponding period of the previous year.

Mrs. Charles Temple has left for her home after visiting her mother, Mrs. Mangum.

PLANS UNDER WAY FOR CLEAN-UP WEEK

Plans are well under way for the clean-up campaign to be conducted throughout the entire State, under the direction of the State Department of Health, during the week beginning April 11. Throughout this period, to be known as The-Week-That-Makes-The-Summer-Safe, every city, borough and township will devote its energies to disposing of the accumulated rubbish, trash, and dirt in each household, school, store, and institution within its limits, for the cause of a better health.

An especially vigorous campaign will be waged against "tenney" junk gathering of dust and source of disease. The contents of attics, and cellars will be thoroughly overhauled and many long-forgotten and useless articles will again see the light of day only to be deposited in their proper place—a dumping ground chosen with due regard for both health and sightliness.

Vacant lots will be cleaned; breeding places of rats and mosquitos eliminated; fly campaigns started; unsightly piles of tin cans and rubbish removed; and streets and roads repaired. In brief, the entire State will undergo a thorough "house-cleaning" in the interest of the Public Health.

Among the many organizations and groups which will co-operate with the Department of Health in making Pennsylvania a better State in which to live are the various Chambers of Commerce, Health Officers, the Red Cross, the American Society for the Prevention of Tuberculosis, the American Legion, Railroad and Street Car Companies, School Boards, Boy and Girl Scouts, and the big industries.

MONKEY PEOPLE WERE "FAKED" BY SAILOR

It now transpires that the supposed appearance of the Marine Band of 125 pieces in Monongahela, this afternoon, on a tour to assist the recruiting service for the Navy, turns out to be a monumental "fake." The alleged representative of the Navy, who gave his name as Roland McIntyre, and who represented himself as Chief Yeoman on the battleship Pennsylvania, was in Monongahela one day last week, and made what was supposed to be arrangements for the appearance of the band. He visited many of the merchants of the city and made arrangements for posting advertising matter in their stores. He registered at one of the hotels, and on leaving paid all his bills.

However, as none of the advertising matter appeared according to arrangements some of the citizens became suspicious and an investigation was made. Finally the Navy recruiting officer at Pittsburg was called, which disclaimed all knowledge of the man, said they knew nothing of the arrangement, and said the alleged sailor must be a "fake." They intimated the man must be either mentally unbalanced, or he had some ulterior motive in view. They asked that if he should put in a re-appearance to have him turned over to the police.

SENT TO JAIL ON SURETY OF THE PEACE

John Lauderbaugh, aged 22, of North Charleroi, was held for court on a charge of surety of the peace, at a hearing held on Saturday before Justice Harry W. Scott. He was committed to jail on Monday in default of bail. Anna Lauderbaugh is the prosecutrix.

Word was received in Charleroi today of the death of Harvey Kane, of Fayette City, superintendent of the Eclipse mine at Woods Run. The body will be brought to Charleroi and later taken to his late home.

Otto Luellen of Washington, who has announced as a Republican candidate for Sheriff, was in Charleroi on Monday, looking after his interests for the coming campaign.

Perfect Fit and Style

THE most expensive suit can be spoiled by improper fit. Good style and smart, distinctive appearance depend on PERFECT fit. But perfect fit is possible only with quality fabrics and careful, painstaking workmanship.

- In VICTOR CLOTHES the collar hugs the neck snugly because each collar is shaped by hand as it is sewn on.
 - The back does not hitch up and wrinkle over the shoulders because the shoulders are shaped by cold water shrunk canvas and all seams hand sewn before being stitched.
 - The front of the coat will not curl or wrinkle because the edges are reinforced by pure linen tape thoroughly shrunk.
 - The front of the coat is shaped, not merely by canvas alone, but also by a material known as Hymo—strong, tough, springs, yet light in weight. It can be crushed in the hand but will straighten out absolutely smooth.
 - The sleeves hang smooth with no puckering at the shoulders, because they are shaped and fitted into each coat individually.

952 Franklin Cars Shipped in February

Sales Keeping Up to High Level at Syracuse Factory. Business for the month of February as reported by the Franklin Automobile company of Syracuse show that sales are keeping up to a high level. By February 15 the entire month's production had been sold, and to meet the overdemand the factory was called upon for 100 more cars than planned for. Shipments for the month totalled 952 cars, or within 35 cars of the best February in the company's history—this occurring last year. A new record would have been hung up this year but for the fact that February, 1921 had one less day than February, 1920.

Even with the Franklin factory working on a 40-car-per-day program, which is the present rate of production, it found itself unable to keep up with orders. During February the total number of orders received aggregated 1107, and even the 952-car output fell short of filling orders for February shipment by 155 cars. The manufacturing schedule for March calls for the production of 1031 cars.

FORTIFY AGAINST DANDRUFF

When Dandruff Comes In Hair Goes Out

The fore-runner of most hair troubles is dandruff, and it is a trouble in itself. You can feel it with your fingers so of course it is in plain view of others. So it is that dandruff and its germ, not merely dust is to be combated. Soap and water alone can't do it. Leading hair dressers everywhere accept this fact. A clean, healthy scalp is made possible with CRUOLEUM F 3 John, who is authorized to return your money if you are not satisfied. It is a large half pint bottle for 35c. Millions of germs breed in the scalp; they are the chief cause of dandruff and falling hair. Don't experiment. We have done that for you. CRUOLEUM is a factor that influences hair growth and beauty, eliminates dandruff and unsightly scalp. A good looking face is further enhanced by good looking hair. The way to remove dandruff is embodied in CRUOLEUM. We ask you to try it and note the effect. You can then demonstrate the wonderful advantages of beautiful healthy hair. Get a bottle at F. J. John's today. It's easy to pay 35c. No waiting to save up the money. If your druggist does not happen to have it, mail us 40c and we will send it to you post paid. Wm. M. Simpson Drug Co., Wholesale Druggists, Wilkesburg Station, Pittsburg, Pa. Men ask your barber for a CRUOLEUM Shampoo.

TAKES CHARGE OF THE
BIG FRICK FARMS

J. C. Stucklager of Fayette City has the big farm of the H. C. Frick Coke company at Ginger Hill, near Monongahela, under full swing. He reports as being well satisfied with his new location and says prospects look good for a full crop. He is doing considerable work in straightening out the farm and in putting it in first class condition.

The CORSET SHOP of CHARLEROI

Special Features

Henderson Front Laced Corsets

No. 1—The better model—have a flexible top clasp which relieves pressure over the bust.
No. 2—A ventilated shield under the lacing which prevents the protruding of the flesh or clothing.

No. 3—A ventilated section in back made of a soft mesh material, which relieves all pressure on the spine from heavy boning or bulky seams, so objectionable in some front laced models.

No. 4—The elastic band inserted in the corset skirt comfortably adjusts the corset to the figure.

HENDERSON FRONT AND BACK LACED CORSETS Have many Exclusive Features and are Faultless in Style, Fit and Construction.

We have a complete assortment of these corsets for all types of figures at moderate prices. We feature and recommend them.

YOUR CORSET

—Is it so comfortable you forget you have it on? It should be and our corsetiers will be more than willing to show you plenty of Corsets that have this quality and which at the same time give the body sufficient support. Here are models for every type and you will find that our corsetiers is a genius in determining which should be yours.

COUNTY ATHLETES PREPARE FOR MEET

The seventh annual track and field meet of the Washington County Interscholastic Athletic Association, composed of the high schools of the county, will be held at College Field, Washington, on Saturday, May 7th, a little more than four weeks distant. More than usual interest is taken in the coming meet by the competing teams in the two classes, as Washington and Morris township High schools will win permanent possession of the trophies they have won twice in succession unless checked this year. These two teams, however, will be without their individual stars of last year, as Washington has lost West, and Morris township will be without Nelan.

Charleroi, Donora and Monongahela are expected to furnish strenuous opposition for the Washington High school in the first grades of this meet, and will have strong contenders in the various events, which will include the 100-yard dash, 880-yard run, 220-yard hurdles, 440-yard dash, mile run, 220-yard dash, mile relay, discus and javelin throws, pole vault, running high jump, shotput and running broad jump.

All entries for these events must be in the hands of Prof. H. S. Kuder, of the county superintendent's office not later than Friday, April 29.

TRUCK CAUSES SOME DAMAGE TO PORCH

Some excitement was caused on Washington avenue last night about 10:30 o'clock when a truck backed upon to the porch of the home occupied by Mr. Zimmerman at No. 526 knocking down one of the columns and pushing the railing out of place. The driver of the truck was delivering a package at that point, and apparently left the machine in gear. When he cranked up after making the delivery the machine started backward and before it could be stopped had knocked out the middle supports of the porch and was only stopped in its career when it pushed the railing against the front of the house. The impact caused quite a crash, and scared a woman who was nearby and who was passing with her baby in a buggy. Her screams added to the excitement, which subsided however, when the extent of the damages were a little later ascertained.

Mrs. C. H. Doick, the French Dressmaker, formerly of 928 McKean avenue, has moved to 926 and Phone 106-W. 251-16

QUARRELED SINCE WEDDING DAY

"My stomach and liver trouble made a regular grouch of me. I was sore at everyone, including my wife, and we quarreled every day since the wedding. She is a dear little girl and I know it was my fault. May's Wonderful Remedy was recommended for my stomach trouble, and since taking it I have felt like a new man. My wife and I now get along beautifully." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. All druggists.

It is necessary that your rugs and carpets, into which are tramped the dirt and grime and grease of the streets day after day, should be thoroughly washed in order to be cleaned. Electric Carpet Cleaning Co., 719 Fallowfield avenue. Local Phone 285. 256-13

The proud French or British would work like beavers to pay their dues and get the hated foreign conquerors off their soil, but the Germans do not seem to mind any "punishment" short of the bayonet and they know that their skins are quite safe.

YOUNG GIRL FINDS RELIEF

Wants to Tell Other Girls All About It

Evansville, Ind.—"I am eighteen years old and have been bothered for several months with irregular periods. Every month my back would ache and I always had a cold and felt drowsy and sleepy. I work in a millinery shop and I went to work every day, but felt stupid and would have such cramps. I had seen Lydia E. Pinkham's Vegetable Compound advertised and had heard several women talk of it, so mother got me some. This Vegetable Compound is wonderful and it helped me very much, so that during my periods I am not now sick or drowsy. I have told many girls about your medicine and would be glad to help anyone who is troubled with similar ailments. You may use my testimonial as you like."—STELLA LINXWILER, 6 Second St., Evansville, Indiana.

Some girls lead lives of luxury, while others toil for their livelihood, but all are subject to the same physical laws and suffer in proportion to their violation. When such symptoms develop as irregularities, headaches, backaches, bearing-down sensations and "the blues," girls should profit by Miss Linxwiler's experience and give Lydia E. Pinkham's Vegetable Compound a trial.

April 1st is a Day of Uncertainties

The ancient plug hat on the sidewalk probably conceals a brick, and just around a corner a mischievous boy is waiting to yell "April Fool." But these are just pranks which we all expect on that mischievous day.

It's the unexpected things in life that may have the most serious consequences--and EVERY DAY has its share of these uncertainties. When unexpected things happen, a good bank account comes mighty handy. And EVERY DAY our officers are available for consultation and advice.
